

Evolution™ system Ductless Heat Pumps

The Future of Home Comfort Is Here

Featuring

Puron
ADVANCE™

Models: 37MPRAQ, 37MAHAQ, 37MBHAQ, 37MGHAQ

WHY ARE SO MANY HOMEOWNERS GOING DUCTLESS?

Bryant's Evolution™ System ductless heat pumps represent the pinnacle of comfort, efficiency, and innovation. Backed by years of design, development, and testing, these systems are built to deliver ultra-quiet, personalized comfort in virtually any space, from home additions and converted attics to sun rooms and garages. With advanced zoning capabilities, they eliminate hot and cold spots while maximizing energy savings.

Environment

With Puron Advance™, Bryant® proudly continues our century-plus commitment to environmental stewardship. It's a refrigerant that delivers a 75% decrease in global warming potential while maintaining the non-ozone depleting properties of original Puron.

Inverter Comfort Technology

Bryant ductless systems continually adjust the compressor speed as conditions change—for consistent comfort with lower energy usage. Plus, enjoy year-round comfort with a system that offers dependable performance in temperatures from -22° F to 122° F.

Efficiency

With SEER2 ratings up to 35.1 and HSPF2 ratings up to 30.0, all our Evolution Systems are ENERGY STAR® certified. Take advantage of added energy-saving features like eco mode to cut energy costs up to 60%—without compromising on comfort.

Sound

Bryant Evolution ductless heat pumps quietly deliver efficient heating and cooling for your home. Each model features an inverter-driven compressor that adjusts output automatically to maintain ideal comfort. With sound levels as low as 53 dB(A), they offer powerful performance with near silent operation.

Personalized Comfort

Connect up to six indoor units to a single outdoor unit—to deliver individualized temperature control in every room of your home. Once you decide what temperature you'd like a specific zone (or room) to be, the system will quietly maintain that temperature.

Convenient Controls and Features

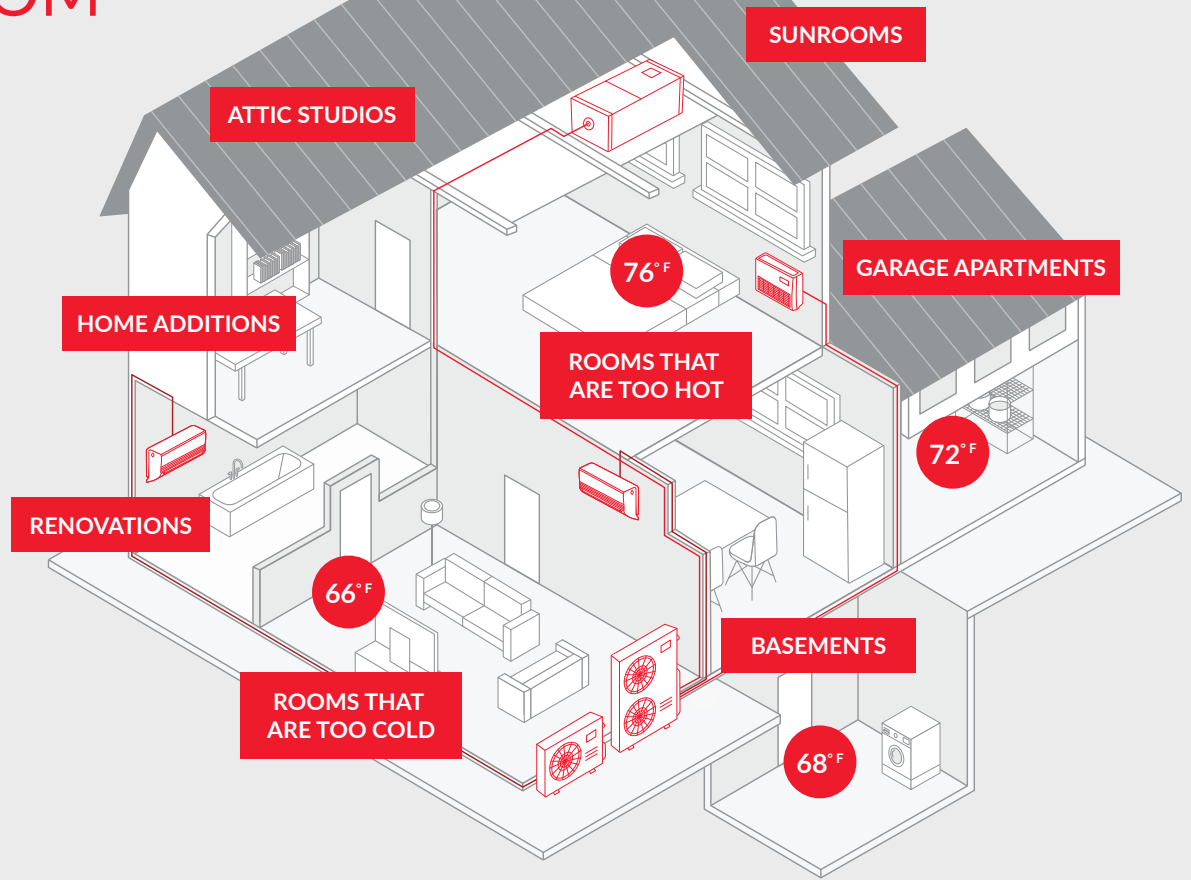

Bryant Evolution ductless systems are the gold standard in home comfort, offering features like I-clean, active cleaning and Intelligent Eye, an occupancy sensor that can tell when you're in the room and direct fresh air your way.

Limited Warranty

To the original owner, our Evolution heat pumps are covered by a 10-year parts limited warranty upon timely registration.*

BRING A BOOST OF COMFORT TO ANY ROOM

THE EVOLUTION ADVANTAGE

Bryant ductless has options for every space and budget. See how our Evolution System measures up with superior performance, cutting-edge capabilities and excellent energy efficiency.
